

# MIRAGE INTL

What: Porsche Suspension Tuning Tech Session

Where: Mirage International 8448 Miracrest Place Ste.F San Diego (off Miramar Road)

When: 6-9PM Thursday 19 March ( Food and soft drinks will be provided)

Mirage will review what the key components are of a Porsche suspension and explain their importance to improving your cars handling performance. The Suspension Tuning Tech session is of benefit to all Porsche owners to understand what is under your car that makes your Porsche a sports car and how handing performance can be further enhanced by suspension tuning.

In addition the Time Trial Tech Team will perform a tech inspection on a car so that drivers will be more familiar on what to look for on their own cars before driving at a major track event.
